Commissioner for Patents

Sir:

The Notice of Allowance indicates that the Office has accorded this application Small Entity Status. The Office's indication is believed to be incorrect.

In reviewing the file for payment of the Issue Fee, counsel noted that the Notice of Acceptance mailed March 5, 2007 indicates that an "Indication of Small Entity Status" has been received. The Filing Receipt mailed March 5, 2007 also indicates " \*\*SMALL ENTITY\*\* ".

With due respect, it is not understood what these indications are based on. Counsel does not believe that Applicants filed an indication of entitlement to small entity status in this case. Further, the basic \$500.00 filing fee (\$300.00 base fee, \$100.00 search fee, and \$100.00 examination fee) paid with this National Stage entry of PCT/IB/2004/000719 on June 27, 2006 is believed to be the correct large entity fee as of that date.

U.S. Application No.: 10/584,752

Attorney Docket No.: Q79110

The Issue Fee (large entity) and Publication Fees are being paid concurrently. While Applicants indicate on the Issue Fee Transmittal that they are no longer claiming small entity status, it is not believed that they ever were.
